DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose nor sufficiently suggest the method and computer readable medium as claimed in claims 1, 6, 26, 32,42, and 51-54 in which a step of multiplying, for each virtual object, a virtual object group ranking percentage by a virtual object group breakdown percentage to obtain a result for each virtual object, and ranking the result of each virtual object to each virtual object location. In particular, the specification defines a virtual object breakdown percentage as the likely compatibility for an object for each group and a virtual object ranking percentage as a potential revenue generation percentage for each group.

Claims 1-7, 9-26, 28-45, and 51-58 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
